FOR IMMEDIATE RELEASE

MYANMAR'S 2ND INTERNATIONAL WATER AND WASTEWATER **INDUSTRY SHOW**

**MYANMARWATER 2014 will take place at the Tatmadaw Exhibition Hall,
Yangon, Myanmar from 22 – 24 October, 2014.**

YANGON, MYANMAR, 20 September 2014 – UBM Asia is proud to announce the 2nd edition of **MyanmarWater 2014** themed, “Water is Life,” bringing back Myanmar’s most important event this year on International Water Supply, Sanitation, Water Resources, Energy Efficiency and Purification.

The event will showcase innovative products and presentations from over 180 exhibitors from 20 countries with the presence of major international pavilions from Malaysia, Thailand, Korea, Japan, Taiwan, Singapore, the Netherlands and China. “We are pleased to be involved in the second edition of MyanmarWater 2014 with its increased size of 100% and continued contributions towards Myanmar’s growth”, said Mr. M. Gandhi, UBM Asia’s Managing Director of ASEAN Business.

The exhibition also provide an absolutely perfect platform for B2B business networking opportunities with 5,000 international water professionals and decision-makers, potential buyers as well as partners. The show will also highlight the importance of technology symposium sessions with industry experts speaking on industrial wastewater treatment and assisting participants on finding solutions to multiple business problems.

“MyanmarWater has become a very important platform for the Water and Wastewater industry to keep updated with the latest global developments through the exhibition and over 20 technology symposiums being held”, said U. Win Khaing, President of Myanmar’s Engineering Society (MES).

This edition of MyanmarWater 2014 (www.myanmarwater.com) is being supported by the Myanmar Engineering Society and is set to welcome returning exhibitors from MyanmarWater 2013 and is expecting more and larger international pavilions to join in order to ensure this water trade event will

have both the diversity of advanced technologies and knowledge to meet the needs of the local and international water industry players.
